

## Upper Southeast Salt Creek Sub-Basin Sewers – Phase 1

Lincoln Wastewater System (LWWS) proposes to extend the wastewater service area to provide for additional growth in the quickly expanding southern portion of Lincoln. The Upper SE Salt Creek Sub-Basin Sewers will convey flows from urban development areas S-2 and S-3.

The project is divided into three phases for construction. Phase 1 commences with a connection to the Upper SE Salt Creek Trunk Sewer and extends east and northeast along the existing drainage channels to a location east of 27<sup>th</sup> Street and north of Rokeby Road (see attached map).

Coordination meetings have been held with the City of Lincoln Planning Department, Lincoln Water System, Watershed Management, Lower Platte South Natural Resources District, Engineering Services, Parks and Recreation Department, and private utilities in the project area. A public meeting was held on April 12, 2005 at the Walt Branch Library to present the project.

Bids were received on November 9, 2005, from 10 contractors. Dobson Brothers Construction was the successful low bidder for the project with a bid of \$693,247.43.

### Project Summary -

<b>Project Information:</b>	<b>Phase 1 - 3,209 LF 30" Sewer, 1,191 LF 27" Sewer, 844 LF 24" Sewer, Bored Crossing of South 27<sup>th</sup> Street, Open-Cut Crossing of Rokeby Road</b>
-----------------------------	---

<b>Project Cost:</b>	<b>\$693,247.43</b>
----------------------	---------------------
